## EQUIPMENT CERTIFICATION

August 6, 2009

*Issued to:*

Edcon Power Tongs and Oilfield Services Ltd.  
Box 209  
Lac La Biche, Alberta  
T0A 2C0

Equipment: ..... Web Wilson Side Door Casing Elevator, c/w  
Safety Latch Lock Pin  
Model: ..... 8-5/8"-90°, H 50-Ton  
Stamp: ..... T&T 25230  
Equipment #: ..... 831  
T & T Field Report #: ..... 25230  
Hi Quality Machine & Oilfield W.O.# 312  
Engineering File #: ..... 090616088

The above-mentioned equipment required a Level IV inspection, repairs where needed and certification for service.

T & T Inspections & Engineering Ltd. conducted the initial magnetic particle inspection and visual examination. Recommended repair procedures were given to Hi Quality Machine & Oilfield Repair Ltd. The final magnetic particle inspection was performed by the repair shop.

Based on the final inspection and review of critical dimensions, components and load test results, it is our opinion that the equipment is a safe operating unit and may be returned to service within the manufacturer's original ratings and specifications.

This certification is valid for a period of 500 operating days, as per the recommendations provided by the Canadian Association of Oilwell Drilling Contractors, or until the unit has been damaged either as a result of operation, transportation or handling.

<b>PERMIT TO PRACTICE</b>
T & T INSPECTIONS & ENGINEERING LTD.
Signature <u>G. Smordin</u>
Date <u>August 6, 2009</u>
<b>PERMIT NUMBER: P 6501</b>
