EQUIPMENT CERTIFICATION

July 13, 2009

Rev #: 1

February 03, 2010

Issued to:

Edcon Power Tongs and Oilfield Services Ltd.
Box 209
Lac La Biche, Alberta
T0A 2C0

Equipment:	B.J. Side Door Casing Elevator
Model:	8-5/8"- 90°, SLX 150-Ton c/w Safety Latch Lock Pin
Serial #:	849
Stamped:	T&T 25884
T & T Field Report #:	25884
Hi Quality Machine & Oilfield	W.O.# 309
Engineering File #:	090616081

The above-mentioned equipment required a Level IV inspection, repairs where needed and certification for service.

T & T Inspections & Engineering Ltd. conducted the magnetic particle inspection and visual examination. Recommended repair procedures were given to Hi Quality Machine & Oilfield Repair Ltd.

Based on the final inspection and review of critical dimensions and load test results, it is our opinion that the equipment is a safe operating unit and may be returned to service within the manufacturer's original ratings and specifications.

This certification is valid for a period of 500 operating days, as per the recommendations provided by the Canadian Association of Oilwell Drilling Contractors, or until the unit has been damaged either as a result of operation, transportation or handling.
